June 2008 Class and Workshop Descriptions/Details

Class and Crop Policies:

- Registration closes at noon the day before the class.
- Payment is due at the time of registration.
- Scrapnesia reserves the right to cancel any class due to illness, inclement weather, or registration less than 3 people.
- Participants must bring their own adhesive, cutting tools, and pens/markers.

Scrapbooking 101 - New to scrapbooking? Don't know where to start? Then, Scrapbooking 101 is *the* class for you! You will learn the basic equipment you need to get started and some important scrapbooking terminology. You'll also get an introduction to choosing photos for your scrapbooks, how to support your photos with journaling, and simple color combinations.

ScrapTherapy and ScrapTherapy PJ Edition - Also known as a Crop. Bring your pictures and supplies and get to work! Enjoy the company of other scrapaholics, inspiration, and some productive scrapbook time. You can work on scrapbooks, cards or other crafts. Dinner is not included, but we do order take out. Snacks and drinks are included in the crop cost. \$5

PJ Edition is the same as ScrapTherapy...except we go all night (or until remember the kids are about to wake up, or the dog needs to go out, or whatever it is that you do when you're not suffering from Scrapnesia!). Wear your PJs and be entered into a drawing for a fun prize! \$10

Scrap Map Class - Complete an entire album in one sitting! You will learn how to use a ScrapMap to make a mini album in a pinch! You will create a complete 6"x6" album (20 pages)! Perfect for special occasions, and to give as a gift. The album is included. \$25

Cards Galore Workshop - Who's better at cards than Hallmark?? YOU! Oh, yes, handmade cards are all the rage, and you can do it, too. Join us and make 10 projects. (2 each of 5 different designs.) One project will be a 3-D item! Stations are set up with complete instructions and you can work at your own pace. Of course, we are always here to help-just ask! \$20

Mom & Me - Designed for mom and child to scrapbook together. Children will learn about basic scrapbook/paper craft skills, and mom can relax knowing they're using someone else's supplies. Projects will vary from layouts and cards to altered art items and complete albums! \$15

June Projects:

- Father's Day Projects will include a single page layout honoring Dad (or Grandpa!), plus a Father's Day card.
- Summer Mini Album will include making a chipboard album with 8 pages. We will incorporate die cuts and stamping techniques to embellish.

Creativity Camp - Are you already hearing the refrain of "I'm bored?!" from the kids? Ready for some summer fun that you don't have to create? We've got just what you need!! Creativity Camp will deliver two days of fun AND finished pages for kids 10 and up! We will create a "Summer Fun" album for your child to document the highlights of their summer. If you already have some pictures, send them. If not, pages will be ready for pictures when they're developed. We will incorporate stamping, die cutting, paper piecing, and journaling. We'll even cut out and assemble the album using chipboard! HOT! \$35

Crafty Kids Class - Scrapbook class designed especially for kids ages 4-12. (Parent must remain at the project table with children under 8. ALL parents must remain in the store for the duration of the class.) Projects will vary from layouts and cards to altered art items and complete albums! \$10

June Project: Just in time for Father's Day, a single page layout honoring Dad (or Grandpa!), plus a Father's Day card.

Power Layouts - If you would like pages to come together quickly, and still look polished, you need to know how to "Power Layout." We'll cover how to "see the sketch" behind any layout you like. Then, use a sketch, to create multiple themed layouts quickly and easily in one sitting. After this class, you'll be able to "power" through 5 or more double page layouts in just an hour!! \$25

Altered Art: Scrapper's Diary - Join Guest Designer: Daylene Kramer to create a unique journal that we've dubbed the Scrapper's Diary. Have you ever seen a layout you loved, and wished you had a place to make a note of it? Or had a piece of paper you needed to coordinate, but didn't want to carry the full sheet? Maybe your child said something you wanted to remember while you were waiting in a checkout line, but you couldn't find any paper in your purse...this project will be right up your alley! Sized perfectly to fit in a purse or tote, with pockets, slide out tags, and plenty of journaling space, you won't miss another thing! \$30

Altered Art: Keepsake / Card Organizer Tin - Now that you've started making cards, what do you do with them? Store them in a pretty altered tin, of course! Evelyn will show you how to create a lovely card organizer by embellishing a plain tin with scrapbook supplies, and creating occasion dividers to sort your cards. These make great gifts for college-bound students, new brides, or your card making buddies. It also makes a great keepsake or gift box. \$25

Eyelets, Brads, & Buttons-Oh My! - Have you been scared by terms like "Crop-a-dile" and "Big Bite"? Are you unsure of eyelets, or intimidated by brads? Did you think buttons were just for clothing? Then, join Evelyn to figure out exactly what to do with all the bits and baubles available to embellish your scrapbook pages. \$25

Cricut Club - FREE to Club members, but you MUST register - Free Monthly meeting exclusively for Cricut Library members. Every month we'll bring you tips and tricks to help you get the most from your machine. This month, guest instructor, Melissa Greene will show us how to use the Design Studio software to "computerize" the Cricut. You can now weld letters, extend motifs into full-length borders, and much more. Don't forget to bring your Cricut machine and some paper to play with! Members may bring a guest at an additional charge of \$5.
